

Town of Alberton

The Heart of West Prince

The Town of Alberton's intention is to rezone PID 19364 and PID 19414 located at 524 Church St from their current designation of Commercial (C) zone to Single-unit Residential (R1) zone to allow the current Commercial space to be converted to a living unit. Once the zoning designation changes, PID 19414 and PID 19364 will be consolidated into a single parcel.

This request also requires an amendment to Appendix "A" – Future Land Use Map of the Official Plan from the Commercial designation to Low Density Residential. These rezonings are intended to make sure that properties are used in accordance with the designated zones specified in the Development Bylaw.
